

Southport, NC Roofing Contractor Expands Services

Southport, N.C. - Already in business for over 20 years and still going strong, Drew's Roofing and Home Repair must be doing something right. Those who work in the construction industry who do not do a good job do not stay around in the business for long.

Drew's Roofing and Home Repair is doing so well that they are pleased to announce their expansion from their home offices in Southport, N.C. The company will be offering its roofing services exclusively for a 150 mile radius. Drew Bussell and his team are currently working in Hickory, N.C., for a customer.

The expansion happened more out of necessity than anything else. "It was never intentional, but the word about our professionalism, technique and attention to detail has attracted customers from areas we did not normally service," said Drew.

The importance of a quality roof and roofing contractor is not one that should be ignored or overlooked. This is why Drew and his team believe in paying attention to the details and refusing to cut corners. It has also meant Drew and crew cannot take every job that seeks their expertise.

"Sadly, there are some jobs we simply cannot do. This is why all potential customers are encouraged to call so we can schedule a time to meet and discuss. No two homes are the same, and this goes for roofing as well," said Drew.

Drew and his team may be on a job, but this does not mean he cannot take a call.

"Granted there are times I cannot stop doing what I am doing to help a home owner. I want my customers to have 100 percent of my attention, and I cannot do that all of the time," said Drew.

Selecting a roofer is an important one, and cost is certainly a factor in any decision.

<http://drewsroofingandhomerepair.com/> will work with the home owner in any way possible for the most cost effective roof without sacrificing the important elements of integrity and craftsmanship.
